

For the time being, the Morganton ABC store will continue to be open from 9am-9pm, Monday through Saturday. We are constantly following any and all updates regarding the Covid-19 information that is dispersed. The NC ABC Commission in Raleigh is allowing each ABC Board across the state to take preventative measures to assure that both employees and customers will have a safe environment. In an effort to deter any rumors, unless the Governor of NC or the ABC Commissioner issues a direct order for ABC stores to shut down, we will continue to sanitize our counters and entryways often while conducting a regular business day. If there are any changes to circumstances, this sign will be updated immediately.
